

Partner Search Announcement for Joint Application for

DIGITAL ECCC 2023 DEPLOY CYBER 04 CIVIL DEFENCE | Topic Coordination Between the Cybersecurity Civilian and Defence Spheres

Who we are

Agora Strategy is a German geopolitical strategy consultancy specialising in political risk analysis, strategic policy advice and international crisis management. Agora Strategy was founded in 2015 by former ambassador Prof. Dr. h.c. Wolfgang Ischinger and other experts from diplomacy, politics and business.

Our global network of 300 + senior advisors and fellows drawn from the fields of politics, diplomacy, security and defense, business and academia, as well as our recent mandates on the intersection of cyber, tech and defense make us a good fit for this tender.

For a more comprehensive understanding of our work, please visit our website at <https://www.agora-strategy.com>. Should you have any inquiries or potential collaborative proposals, reach out to us directly at thake@agora-strategy.com.

What we are looking for

We are looking for one or more consortium partners from other EU countries to join our application. Preference will be given to small to medium-sized organisations with broad expertise and track record, e.g. think tanks, academia, NGOs and SMEs. A regional background from the Baltic States or Northern Europe is desired but not mandatory.

Alternatively, we would also be willing to join an existing consortium and provide our concrete project approach, our expertise in cybersecurity and our network in politics, business, defense, and academia.

Organisation type	Small or medium-size enterprise
Country	Germany
Type of request	Expertise request
Contact	thake@agora-strategy.com
