

NCP4Industry meets IAM-I

The Horizon Europe Cluster 4 network of National Contact Points (NCPs) for Industrial Technologies ([NCP4Industry](#)) and the Innovative Advanced Materials Initiative ([IAM-I](#)) organise the **webinar “NCP4Industry meets IAM-I” on May 27th 2025, 10:00 – 11:30 (CET).**

During the webinar, you will get a brief overview on the services provided by NCP4Industry for NCPs and proposers in Horizon Europe. Additionally, IAM-I will present the current state and the Strategic Research & Innovation Agenda (SRIA) of the new co-programmed European Partnership IAM4EU and how interested higher education institutions, research organisations, SMEs and larger industries can participate in the multidisciplinary network on innovative advanced materials of IAM-I.

Registration to the webinar is open until May 25th 2025 (end of business) under:
https://formulare.ptj.de/ncp4industry_meets_iam_i
