

Horizon Europe Topics

HORIZON-CL4-2022-DIGITAL-EMERGING-02-05: AI, Data and Robotics for Industry optimisation

HORIZON-CL4-2022-DIGITAL-EMERGING-02-06: Pushing the limit of physical intelligence and performance

HORIZON-CL4-2022-DIGITAL-EMERGING-02-07: Increased robotics capabilities demonstrated in key sectors

HORIZON-CL4-2022-HUMAN-02-01: AI for human empowerment

HORIZON-CL4-2022-HUMAN-02-02: European Network of AI Excellence Centres: Expanding the European AI lighthouse

AI4SI – unique knowledge about the Slovenian AI industry

AI4SI is a connecting link between artificial intelligence solution providers and companies that want to use artificial intelligence in their operations. In this way, the initiative provides access to a pool of highly specialised AI development companies that provide tailored products to their clients.

AI4SI provides invaluable insight into "Who-is-Who" in the field of artificial intelligence in Slovenia.

What we offer?

We have over 200 companies, research and other organisations in our network.

We can help you finding the perfect project partner from the thriving Slovenian AI ecosystem.

We can play a role as project partner. We are co-founders of the [European AI Forum](#), and we take care of networking, dissemination events and help creating an ecosystem of European stakeholders.

We are active members Gaia-X, BDVA, DIGITALEUROPE, FIWARE, ECSO and OASC.

We are consortium partner of AI Skills Alliance (ARISA), Data Spaces for Skills (DS4Skills) and Data Spaces for Sustainable Smart Cities and Communities (DS4SSCC) projects funded by the Digital Europe Programme.

We organise common workshops, trainings, conferences for raising competencies and dissemination of good practices. We develop **methodology, case studies, situation analysis, roadmaps** for the introduction of AI, with particular focus on **Small and Medium Enterprises (SMEs)**.
